

COVID-19 CORONAVIRUS

ALTERNATIVE HOME HEALTH AGENCY joins the world in its efforts in the prevention, treatment, and control of the COVID-19 outbreak.

Our priority is the safety of our patients, our employees, and our communities. We comply with the guidelines from the Centers for Disease Control and Prevention (CDC) and the Department of Health, as well as local community safety regulations.

We have strict measures and protocols for all our employees in providing healthcare services to our home-bound patients, including, but not limited to:

- ✓ proper screening
- ✓ use of protective personal equipment
- ✓ strict adherence to infection control practices
- ✓ safety education and training of staff
- ✓ accurate reporting

These safety measures are practiced in our patients' homes and are extended, as applicable, to our employees' personal and home settings.

We are living in an unprecedented time and more than ever, we are committed to continually care for your patients, both COVID and non-COVID, in the comfort, safety, and privacy of their own homes.

We look forward to our continued partnership as we all join in this fight together.

WE. WILL. WIN.
